---

### SUMMARY:

Expected Ph.D. in Computer Science and Engineering, expertise in Human-Computer Interaction field. Expert presenter, software engineer, and researcher. Most recent research and engineering experience in NSL<sup>1</sup>. Conducted researches under strict supervision of research experts from KAIST and Inha University, South Korea. Has professional experience in industry from IUTLab<sup>2</sup>, and volunteering experience as a president of programmer students club at IUT<sup>3</sup>.

### LANGUAGE SKILLS

- English – full professional user (IELTS speaking 8.5 / 9)
- Korean – limited user
- Russian & Uzbek – native / bilingual user

### PUBLICATIONS

- [EasyTrack](#) - Orchestrating Large-scale Mobile User Experimental Studies (2019), MobiSys'19 Proceedings
- [Toward Future-Centric Personal Informatics](#): Expecting Stressful Events and Preparing Personalized Interventions in Stress Management (2019), CHI'20 Proceedings
- [STDD](#): Short-Term Depression Detection with Passive Sensing (2020), MDPI Sensors Journal
- [IMSP](#) - an Intelligent Mobile Sensing Platform for Automatized Abnormal Behavior Detection (2020), KICS Winter Conference 2020

### EDUCATION:

- Doctoral Degree – Inha University, CSE<sup>4</sup> major, South Korea, 2023 (GPA N/A)
- MS Degree – Inha University, CSE major, South Korea, 2020 (GPA 3.86 / 4.5)
- BS Degree – IUT, CSE major, Uzbekistan, 2018 (GPA 3.42 / 4.5)

### EXPERIENCE:

Lecture Assistant in INHA University, South Korea, part-time 2018-2019

- Application Programming in Java Courses, Inha University (201802CSE2107001, 201901CSE2107001)
- Computer Networks Courses ([YouTube playlist](#)), Inha University (201902CSE4202001, 202001CSE4202002)

Graduate Research Assistant, Networking Systems Lab in INHA University, South Korea, full-time 2018-Present

- Research projects (i.e., [EasyTrack](#) / conference MobiSys 2019, [MindForecaster](#) / conference CHI 2020, [STDD](#) / journal MDPI Sensors, etc.)

### SKILLS / KEYWORDS:

- Soft skills – Research, Interpersonal skills, Public speaking, Managerial skills (i.e., confidence, reasoning, etc.)
- Hard skills – C++17, Java 8, Python, C#, SQL, OOP, CI/CD, Git, gRPC, Google Slides, Sheets, Docs, Adobe Photoshop, Mac OS, Ubuntu, Windows, Latex, Docker
